

# SAFE KIDS NOW

July 2019

Kids want to spend time with people who love them.

## Safe Kids Now National Network News

### A NOTE FROM STEPHANIE...

Safe Kids Now member Jo Ann Hoffman and I are working with Las Vegas City leaders to launch a campaign to stop Sex Trafficking. Child Trafficking is a huge problem. We have a great team and will offer a CALL TO ACTION. We will share more information on the teleconference call, on Monday the 29th.

I've been promoting Safe Kids Now on a variety of national radio shows. The media contacted me about "How to keep kids safe and healthy." Topic: a study from John Hopkins researchers stating, only 4 out of 10 children are flourishing in US. Station logos are posted on SKN Media page.

"A Parent's Guide to Bullying" will be published in ZipcodeMagazines.com in Aug/Sept issues.

Join us and we will post your events and articles.

Blessings, Stephanie

### Monday, July 29 and August 28 – FORUM

*Join Safe Kids Now founder Stephanie Mann and board members Dr. Barbara Williams and Sher Graham for a lively discussion on parenting and issues related to discipline and bad behavior. Be a part of this dialogue and give us your perspective. What is happening in your community? What are major discipline issues you experience with parents and children in your neighborhood? Church? School?*

*The two questions we will discuss are: What is the one major discipline issue in your community? What is the one thing you would recommend that needs changed to instill more positive discipline that would decrease crime?*

*This is a topic of national importance and we want to do our research and learn from our members what is happening in their communities, as we move forward this fall.*

*Our next monthly conference call with a speaker will be in September as we find out what organizations in the Southwest are doing to keep kids safe.*
